

***The Churches' Betrayal of the Animals***, a translation of Dr. (PhD) Carl Anders Skriver's 1967 book ***Der Verrat der Kirchen an den Tieren*** has been completed.

In this book, Dr. Skriver, who was a dedicated theological scholar and German Lutheran pastor, outlined what he felt were some long-held misinterpretations of some bible scriptures that have informed complacency, rationalization and normalization of Mankind's cruel behaviours towards animals. His book offers a refreshing examination of how biblical scripture can be interpreted to foster a loving and kind and respectful relationship with animals and nature, in which they are regarded, esteemed and protected as God's sacred creation.

While arrangements are being made to find a publisher to print some copies of the book, a preprint edition is temporarily available online as a PDF file.
