

# Vegan Market Place:

## Products and Services that support a Vegan Lifestyle in Victoria, British Columbia, Canada

The list below is not a complete representation of businesses that serve vegan lifestyle needs. Some of the listings are local (i.e., Victoria, BC); some are by mail order. We prefer to list businesses that are owned by vegans, who care about animals. Non-vegan businesses are listed where they contain unique products of particular interest to vegans. Note: We do not list, and will remove from our list, farms of which we have been made aware that kill wildlife.
